UNITED STATES BANKRUPTCY COURT
NORTHERN DISTRICT OF CALIFORNIA

9 || TIN CROSS VINEYARDS, LLC,

No. 14-11160

Debtor(s).

Memorandum re Form of Order

13 The court's approval of the order entered in this administratively consolidated case on October
14 22, 2014, Docket Number 81, was made due to the court's mistake and neglect. The order was signed
15 in violation of B.L.R. 6004-1(d), which requires the court to identify with specificity each and every
16 lien and interest to be sold free and clear of. Likewise, B.L.R. 6006-1(a) requires specificity as to
17 rejected executory contracts.

To the extent it is ever proper to issue an order precluding unknown future plaintiffs from asserting successor liability, it is not appropriate in this case and was not intended by the court.

20 The court apologizes to any party inconvenienced by the court's lack of diligence in reviewing
21 the October 22 order before signing it.

Chief Bankruptcy Judge
